Single Vineyard Wines: Unique Rieslings with depth, richness, and tension. They thrive under the extreme conditions of the south-facing slopes. Ancient vines transport the concentrated minerality from the slate into the grape.

The single vineyard wines come from the very best vineyards. Only the finest vineyard sites within a designated area with historical, climatic, and/or geological peculiarities bear the vineyard designation on the label.

Großes Gewächs: The "Große Gewächse" represent the new spearhead among the top German wines. This wine comes from the single vineyard 'im Speyer' and is grown on the oldest vines of the winery (approximately 100 years old). It boasts extreme minerality and length, with a very long finish, truly embodying a 'great growth'.

Description: Tight, fresh-herbal citrus and stone fruit aroma with floral and herbaceous nuances and a hint of dark berries. Clear, quite dense and juicy, predominantly light with fine acidity and some grip, herbaceous and floral nuances, still a touch of yeast, quite distinct minerality, dark berries hinted in the background, some depth, very good length and mineral-spicy finish.
